

A dragon arrived at school this term and made quite an impact. As a result of this it was decided that we needed to trap the dragon. We have been learning to write instructions using command sentences.

We had our very own Great Fire of London on the playground to continue our learning. It gave us a real insight to how quickly the fire spread. It also helped us to understand how the people felt watching their homes burn.

Today we have had a visit from the fire engine. We had an opportunity to see the engine and ask questions of the fire fighters. We discussed having a fire plan at home so we know how to get out of our house if there is a fire.

The children performed in their Ukulele concert during the week and everyone was really impressed with their playing and singing. The children have worked really hard to learn how to play and have a much greater understanding of tune and rhythm thanks to their ukulele teacher Anna.

It was lovely to see so many parents at our events this week. Thank you for your support.

At home you could:

- ☺ Ask your child to tell you about fire safety.
- ☺ Write instructions for how to get ready for school
- ☺ Practise doubling and halving. You could use <https://www.topmarks.co.uk/maths-games/hit-the-button>

A reminder that Beech Class swim on Tuesdays and have PE on Mondays.
Sycamore Class have PE on Tuesdays and Fridays.

Year 2 team ☺
