

Nelson Infant School

Policy

Charging for School Activities

At Nelson Infant school we ask for voluntary contributions for certain activities eg educational visits and outings.

No child is excluded from any activity on the grounds of failure to make such contributions.

Parents/Carers are informed, however, that if insufficient voluntary contributions are made the activity itself may not take place.

(See statement in school brochure)

This policy is reviewed annually in the summer term by Strategic committee during process of review of school brochure
